

Where You Belong

July 12, 2016

ATTENTION GRANDE VILLAGE NEIGHBORS

Work at Grande Village is about to begin. In preparation for the start of work the entire site has had straw wattle installed around the perimeter for erosion control. A stabilized construction entrance will soon be installed.

The first activity that you will notice is the importation of the needed soil required to balance the project site. You can expect to see trucks importing this dirt soon. Possibly as soon as July 18th.

You can expect to see the actual commencement site improvements around August 8th.

Construction activities will be limited to the times prescribed by the Conditions of Approval for the Grande project:

7 am to 6 pm Monday thru Friday
8 am to 6 pm Saturday and Sundays

Activities on the site will not impact normal uses on Grande Ave. or the north/south bike path at this time. Associated with the importing of the needed soil will be dust control measures to minimize any impacts of this task. (water trucks).

Should you have any questions or concerns please contact Don Fouts at: (530) 979-7792 or Don@fouthomes.com

I look forward to seeing Grande Village begin coming to life!!

Regards,

Don Fouts
